## ACTIVITY-IV

Date of Event: 05/06/2023

Activity : Expert talk on "**Introduction to INCOIS and its contribution to sustainable development using RS and GIS**" that will help in understanding the role of satellite technology in monitoring environmental pollutants and pollution

IIC celebration : World Environment Day Celebration"

Theme : To raise awareness among various user groups on concepts of remote sensing and GIS.

Mode of activity: Offline mode

**Report:** The expert lecture helps the students to understand "Introduction to INCOIS and its contribution to sustainable development using RS and GIS". It provides a foundation for understanding the role of satellite technology in monitoring environmental pollutants and pollution. Most importantly, these concepts can enhance the students' knowledge on remote sensing, its types, the different types of satellites, their working and satellite images captures and the role of artificial intelligence on image processing.

In this context, the Environmental Club of GCET in collaboration with the department of civil engineering and Institutions Innovation Council (IIC) organized an Expert lecture for the students.

**Resource person:** Dr. N. Srinivas, Scientist E at Indian National Center for Ocean Information Services (INCOIS)
