CHAIRMAN MESSAGE

Science and technology has evolved enormously adding new dimensions to our knowledge. Right from Stone Age to this modern era of automation, human race has witnessed it all. Today almost every single object that we come across is a thoughtful implementation of science and technology.

I welcome you all to **BHASWARA - 2k17**, the annual technical fest of Geethanjali college of Engineering and technology.

A technical fest determines the creative, competitive and analytical potential of students of various institutions. Thus such fests are the platforms that represent the student mass both qualitatively and quantitatively. Each year BHASWARA sets up the stage for budding minds to showcase their talents. This time BHASWARA has got the opportunity to host very renowned events like those in robotics, paper presentations, project presentations, coding and debugging and many more. I appreciate the efforts put by faculty, students, volunteers, participants and everyone associated with BHASWARA - 2k17 which have made it a grand success. The 2 days of technical extravaganza provides great learning opportunity to all students involved. In this context I would like to thank everyone who helped us in every possible way and put their invaluable efforts to make BHASWARA - 2K17 a great success.

Mr. G.R. Ravinder Reddy
