Exhibit 1: Data Processing Addendum Exhibit

Software Services for Career Education

Read-only access of Client Personal Data

This Data Processing Addendum Exhibit (DPA Exhibit) specifies the DPA for the described Service.

1. Processing

IBM will process Client Personal Data for the Service, as described in the SOW and as supplemented and specified by this DPA Exhibit.

1.1 Processing Activities

The processing activities with regard to Client Personal Data are:

- Reading

IBM will access Client Personal Data only through the applicable Cloud Service as a "User" in a read-only mode.

2. Client Personal Data

2.1 Categories of Data Subjects, Types of Client Personal Data and Special Categories of Client Personal Data

The Categories of Data Subjects, Types of Client Personal Data and Special Categories of Client Personal Data are defined in the DPA Exhibit (Data Sheet) applicable for the respective Cloud Service for which IBM is providing the Service, as specified in the SOW. Therefore the information set out in the DPA Exhibit regarding Categories of Data Subjects, Types of Client Personal Data and Special Categories of Client Personal Data for the respective Cloud Service also apply to the Service.

3. Technical and Organizational Measures

The technical and organizational measures in respect of the relevant Cloud Service are set out separately in the DPA Exhibit for that Cloud Service. The technical and organizational measures (TOMs) applicable to the Service are described below. Client confirms its obligation to implement appropriate TOMs within its own area of responsibility as required by applicable Data Protection Laws.

3.1 Data Protection

- a. IBM will treat all Content as confidential by not disclosing Content except to IBM employees, contractors, and subprocessors, and only to the extent necessary to deliver the Service, unless otherwise specified in the SOW.

3.2 Access Control

IBM workstations used to access Client Personal Data are secured under standard IBM IT security policies and rules that cover password control, anti-virus protection, firewall protection, hard drive password or disk encryption, automatic security patch installation, VPN to access the IBM network, control of IBM required software on the workstation, approval requirements for open source software and installing software to ensure security policy compliance.

IBM may require access to Client Personal Data through the Cloud Service as a user to deliver the Service. Such user access is controlled by the Client. Client will restrict and limit such access to the least level required to provide and support the Service. Such access, including administrative access (privileged access), will be individual, role-based, and subject to Client processes and policies. Client will terminate such access provided to IBM personnel at the end of the Service.

3.3 Security Policies

IBM will maintain and follow its standard mandatory employment verification requirements for all new hires, including supplemental employees, and extend such requirements to wholly owned IBM subsidiaries. In accordance with IBM internal process and procedures, these requirements will be periodically reviewed and include, but may not be limited to, criminal background checks, as legally permitted, proof of identity validation, and additional checks as deemed necessary by IBM. Each IBM company is responsible for implementing these requirements in its hiring process as applicable and permitted under local law.

IBM employees will complete security and privacy education annually and certify each year that they will comply with IBM's ethical business conduct, confidentiality, and security policies, as set out in IBM's Business Conduct Guidelines. Additional policy and process training will be provided to persons granted administrative access to the Service components that is specific to their role within IBM's opinion and support of the Service.

4. Deletion and Return of Client Personal Data

IBM will either return or delete the Client Personal Data as the Service is being provided directly with the Cloud Services and maintain the regulation about deletion and return set out in the DPA Exhibit for the respective Cloud Services applies.

5. Subprocessors

IBM Data Processes (IBM companies established outside either the European Economic Area or countries considered by the European Commission to have adequate protection).

Dear Sir,

Greetings from IBM.

As per the email below we are looking at IBM SME to conduct the training for the students. This training will be conducted continuously for 4 days for a batch size of 50 students at your campus. Please find enclosed the per student fee for a batch size of 50 below:-

Per student fee for a batch size of 50 students - INR 10,500 + taxes

IBM will provide course material, course content, training and course completion certificate at the end of the program to each participant.

May I request you to please share your acknowledgement so that we can move to next steps.

Thank you.

Subject: Training of Trainers (TOT) in Emerging Technologies

Dear Sir,

After our several consequent Web Acharya Trainings in Hyderabad, we are planning to conduct a TOT training in your college.

We WebAcharya, a leading IT training institute building its expertise in emerging technologies according to the needs of the students and provide best quality training services in emerging technologies.

Details are as below:

1. To conduct a TOT training for 10-12 days for 10-12 qualified certified trainers.
2. It would be a full day program from 20th to 30th October 2019 (one week) followed by consecutive weekends with the possibility of 1-2 days.
3. No of hours planned for each week is 24 hours (8 hours per day).
4. Also head count is expected to have maximum of 20 students (each week) and fee per candidate will be Rs.1,500/-.
5. Payment need to be done in 2 installments as follows:
 - a. 1st installment which is 50% of the total amount need to be paid upon completion of 3rd weekend
 - b. And rest 50% of the total amount as a 2nd installment need to be paid upon completion of last weekend.
6. Also, we are attaching our proposal that we are drafting for your reference and do suggest if you need any further information regarding the same.

WebAcharya looks forward to a long term association in near future.

If you have any questions or concerns, don't hesitate to contact us at 040-59990044.

Report on COGNOS workshop

IBM –COGNOS training program started on 15-12-2018, the program is scheduled on 5-continuous Saturdays. About 113 students registered and attended the program. They were scheduled in two batches. Three faculty members also attended the program. IBM COGNOS is an analytics tool, which is used for the business user who needs to easily create compelling visualizations and dashboards. For the business leader who needs a proven, self-service analytics solution they can trust. For the enterprise that needs the scalability and analytics governance the business demands. Students learnt about COGNOS frame work and model, with respect to a project that contains a model, namespaces, packages, data sources, and related information for maintaining and sharing model information. Apart from working with the framework they also learnt how to use the Report Studio tool, this tool helps them develop various kinds of reports and with various visualizations.

Day1:

- Basics of Data ware housing and Data Mining.
- Students created new projects in the frame work manager.
- Students created Model Query Subjects used for reporting in the Business layer.

Day2:

- The trainer differentiated between a measure and a dimension.
- Stressed on the importance of various schemas.
- Various calculation and aggregation computation on measures.
- Converting embedded filter to Standalone filter.

Day5:

- Students applied filters before aggregating data to filter on individual records or after aggregating data to filter on summarized data.
- Students generated a prompt.
- Students generated various kinds of reports as per the trainer's questions.
- Students revised all the related topics.

- Basics of Data ware housing and Data Mining.
- Students created new projects in the frame work manager.
- Students created Model Query Subjects used for reporting in the Business layer.

Day2:

- The trainer differentiated between a measure and a dimension.
- Stressed on the importance of various schemas.
- Various calculation and aggregation computation on measures.
- Converting embedded filter to Standalone filter.

Day3:

- Students created measure dimensions.
- Trainer stressed on scope of measures.
- Students worked with relational modeling within the framework.
- Students created a regular dimension for Product, Time and measure dimension for sales fact.

Day4:

- Students defined the relationship between Regular Dimension and Measure Dimension which tells up to which level the user wants to see aggregated data.
- Started working on Report studio.
- Students studied aggregate and non aggregate data using report studio.

Day5:

- Students applied filters before aggregating data to filter on individual records or after aggregating data to filter on summarized data.
- Students generated a prompt.
- Students generated various kinds of reports as per the trainer's questions.
- Students revised all the related topics.

NX-CAD Course Content/Syllabus

The Course provides in depth coverage of the following important modules.

1. Part modeling

- Introduction to NX CAD
- Direct Sketch
- Feature Modeling
- Synchronous Modeling

2. Assembly

- Component Control

3. Drafting

- Viewing the object
- Dimensioning
- Apply Annotation

4. Sheet metal

- Basic Sheet metal operations

NX-CAD Course Outcomes

The student will be able to

1. Use basic and advanced features of current CAD software.
2. Understand how CAD technology can be leveraged in the design process
3. Design a part or assembly of parts using Computer-Aided Design software.
4. Use parametric modeling techniques to reflect engineering requirements.
5. Apply top-down design principles to model a design.

CIRCULAR

This is to inform all the IV - B. Tech I Semester (A&B) Mechanical engineering students that, department of mechanical engineering is going to conduct NX-CAD training program from 18/08/2018 (every Saturday), and duration of program is 5 weeks (40 hours). So, all the students of IV B. Tech of Mechanical Engineering are requested to join the program and make use of this for adding feathers in your resume. So, detailed schedule is given below.

| S. No | Week | Date | Time | Topics |
|-------|--------|------------|---|---------------------------------------|
| 1 | Week-1 | 18.08.2018 | 9:30 am to 1:30 pm Lunch break 2:00 pm to 5:30 pm | Introduction to NX-CAD, Part Drawings |
| 2 | Week-2 | 25.08.2018 | | Part Drawings |
| 3 | Week-3 | 01.09.2018 | | Part Drawings, Sheet Metal Drawings |
| 4 | Week-4 | 15.09.2018 | | Assembly Drawings |
| 5 | Week-5 | 22.09.2018 | | Assembly Drawings, Project |
